👤 ABOUT ME

I am a fast learner and ambitious person, always eager to develop my skills and grow my knowledge.
I treasure team-work as I occupied various roles along my working years, ranging from customer service to some management roles.
I posses good Graphic Design, and Front-End development skills which I gained through a long journey of self-learning.
I have a degree and good understanding in accounting as well, besides my good knowledge in IT and customer support.
I hold a spouse visa (LTSVP).
